

Q Well, then, how long were you in cleaning the fish, the three bluefish?

A Oh, I suppose it took me over half an hour; the chances are I went down and fixed the hot water heater stove and did little odd chores around the house.

Q While you were doing these things did you see anyone at all to speak to?

A I noticed while I was doing these things that the Wilsons were busy around their house.

Q Meaning by that--

A Meaning Mrs. Wilson and her two daughters were pretty busy around the house because they were going away the next day.

Q That house is next to yours?

A Right next to our garage; there is the place right there (indicating).

Q Well, did you speak to any of the Wilsons, do you remember, or did they speak to you?

A I am coming to that. That is the last thing about that evening. I remember distinctly when weighing the fish on the beach for Applegate, to go back to that, that Mayor Van Camp and his wife came along and saw that fish weighed and that Mayor Van Camp talked to me on fishing subjects for quite a little while that evening.
